MISSION OF SIGHT
Senior Morgan Schroeder had the opportunity to work alongside the organization Mission of Sight. She travelled to Frome, Jamaica and met some of the nicest people in the world. She was part of a team that included optometrists, ophthalmologists, and staff that helped restore sight to many people. Some were only partially blind, but some were totally blind. The patients were extremely thankful to say the least. They were very faith filled and openly prayed and thanked God for helping them to regain their sight. It was a truly remarkable, humbling and rewarding experience.
